

SADHINENI LIKHITHA

DevOps | SDE | Cloud Computing

EXPERIENCE

Web Development Intern | Prodigy Infotech

MAY 2024-JUNE 2024

- Gained hands-on experience in front-end development using HTML, CSS, and JavaScript, contributing to a 20% increase in site engagement through improved UI responsiveness.
- Developed an adaptive navigation bar, interactive stopwatch, and a Tic Tac Toe game, improving UI interactivity and real-time functionality, which enhanced user retention by 15%.
- Designed and launched a personal portfolio website, which demonstrated responsive design and JavaScript interactivity, leading to a 25% increase in freelance inquiries.

PROJECTS

Online Social Media Platform

JULY 2023-NOV 2023

- Developed a web-based social media platform using ReactJS, MySQL, HTML, and CSS.
- Implemented features like post creation, photo sharing, group joining, and event participation.
- Gained experience in frontend styling, database connectivity, and state management.

Online Portfolios and Project Management System

JULY 2024 - NOV 2024

- Built a web application using Spring Boot, MySQL, and JSP, incorporating Spring Security for authentication.
- Implemented CRUD operations and followed RESTful API best practices for efficient frontend-backend communication.
